What did this instructor do that was most helpful to your learning experience in the course? ⓘ

The instructor was well aware of us being completely new to R, hence was careful not to make the course confusing and hard for us. Moreover, he focused not only on R but also tried to teach us about other useful software, which was great considering how little time he had.

Lifeng made sure everyone understood the content and shared materials

What might the instructor do to improve your learning experience in the course? ⓘ

May be make the course a bit longer (from next year).

He was great
